

3 Channels charge amplifier & power supply

Features

- Easy plug and play
- 3 channels
- Low noise
- Interface with PE sensor
- Gain option available
- Current excitation

Electrical

Power requirement:	24~36 VDC
Output resistance.....	<100 ohms
Output Max. 25°C.....	±10V
Gain option(mV/pC).....	1/10/100

Environmental

Temperature range.....	0 to 70°C
Shock limit.....	Up to 50g
Sealing	Epoxy seal

Physical

Weight.....	210grams
Input connector.....	BNC(Male)
Output connector.....	BNC(Male)

Accessories

Plug in DC power supply

Check LED

Green light: Sensor is working

Red light: Sensor internal short, error.

Ordering Information

IN-06-10
-10: 10 mV/pC
